

Programs and Events of Kish Expo 2025

General Overview

The **2nd Kish International Investment Exhibition (Kish Expo 2025)** — recognized as **the only specialized investment event in Iran** — will be held from **December 8 to 13, 2025** at the **Kish International Exhibition Center**. This event serves as a **comprehensive platform for presenting key investment opportunities** across various economic and industrial sectors of the country. In this edition, **over 300 foreign investment delegations**— carefully selected based on the exhibition's thematic sectors and invited from more than **40 countries**— will participate. For domestic participants and investors, **B2B meetings** can be arranged upon official registration at the exhibition. Additionally, by extending invitations to **domestic investors from different provinces**, the event will foster **planned interactions and joint investment discussions** between Iranian and international investors, paving the way for **collaborative partnerships**.

Specialized Investment Panels

Alongside the exhibition, a series of **dedicated and expert panels** will be held, aimed at **knowledge exchange, presentation of real projects, and clarifying investment perspectives** in key sectors. These programs are organized into two main categories:

1. Specialized Investment Panels (Kharazmi Hall)

Focused on presenting projects, risk analysis, and investment solutions in key sectors of Iran's economy:

- **Oil Sector:** Upstream and downstream investment opportunities
- **Petrochemical Industry:** Development projects and export market analysis
- **Mining:** From resource discovery to economic exploitation
- **Steel Industry:** Domestic and export market outlook
- **SMEs:** Profitable opportunities and financial support mechanisms
- **General Industries:** Production, supply chain, and market analysis
- **Water and Wastewater:** Large-scale projects and financing models
- **Renewable Energy:** Solar and wind power, guaranteed investment models
- **ICT (Information and Communication Technology):** Startup and infrastructure investment opportunities

- **Housing and Urban Development:** Urban expansion and financial feasibility of projects

2. Managerial and Analytical Panels on Investment Projects (Avicenna Hall)

Designed to enhance **decision-making, financial, and management skills** of economic actors:

- Financial analysis of major investment projects
- Risk management in industrial and infrastructure investments
- Economic and social impact assessments of projects
- Contract management and legal challenges
- Success and failure case studies in investment
- Cryptocurrencies and blockchain in industrial investment
- Investment management in an era of global uncertainty
- Innovation in financing models (crowdfunding and collective investment)
- Big Data analytics for investment decision-making
- Investment opportunities in artificial intelligence and robotics

International Pavilions and Cooperation

In this edition, various countries will showcase their **national investment pavilions**, introducing avenues for **economic cooperation and partnership with Iran**.

Furthermore, **international organizations and associations related to investment and global trade** will participate to **share experiences and facilitate business relations**.

Specialized Meetings and B2B Interactions

- Reservation and organization of bilateral meetings between domestic and foreign investors
- B2B sessions between provinces and international delegations
- Planning for joint ventures in **industrial, mining, and technological projects**

Other Programs

- **Official Opening Ceremony** with the participation of high-ranking officials and economic leaders
- **Official banquets and informal networking events**
- **Economic site visits** to explore Kish Island's business capacities
- **Special cultural and tourism programs** for participants
